

THE GENIUS COMPANION®

FULLY INTEGRATED RETRACTABLE SCREEN

IDEAL FOR WOOD, VINYL, FIBERGLASS AND OTHER WINDOWS

Retractable screens sell more windows. Now the experts at Genius have designed the COMPANION® fully integrated (built-in) retractable screen exclusively for window manufacturers.

How It Works:

The COMPANION® retractable screen fits fully concealed within a small space at the head of your window. You supply and build the window while Genius assists with the technical expertise, architectural detail, and simple retractable screen components so that you can begin offering this quality retractable screen. Simply cut to size and attach the hardware for easy product completion. The extremely affordable COMPANION® screen takes just minutes.

The perfect screen solution for double hung, casement, awning, slider and other style windows.

Please contact Genius at info@geniusscreens.com or phone (253) 565-1421 to receive more information and start selling more windows.
