

Genius Incognito¹

CUSTOM MADE RETRACTABLE SCREENS FOR WINDOWS

The Incognito¹® is the original fully concealed retractable window screen used by many of North America's manufacturers of fine wood windows. The retractable screen is easily concealed using wood trim that is supplied by the window manufacturer (please see Genius for design assistance).

Each screen arrives ready to install or may be fashioned using bulk components that are prepared for speedy fabrication at your location.

PART PROFILES

Notes: Wood components are not included. Please contact Genius for the manufacturing design files. Standard screen fabric is 18x16 insect screening. Genius screens are designed to support natural ventilation and protection against air born insects and other pests. Windy conditions may affect the performance of the screen. Retract the screen in windy circumstances, during inclement weather and when not needed to support immediate ventilation or prolong periods of time when not used.
